

Trident Technologies and
Consulting – Global, LLC

Risk Management Framework (RMF) Validator (Cybersecurity [CY] Analyst Sr.)

Job Title: RMF Validator (CY Analyst Sr.)
Work Location: Albany, GA
Position Classification: Full Time
Security Clearance: Active SECRET clearance

Overview

Trident Technologies and Consulting - Global, LLC (d.b.a. T2C-Global) is a SBA Certified Woman Owned Small Business (WOSB) and Certified Woman Owned Florida Business Enterprise specializing in providing innovative global defense services and solutions.

T2C-Global is currently seeking motivated and talented individuals who can offer the knowledge, skills, and experience as for our Albany, GA based customer. **This is a pre-award effort, and the position is contingent upon contract award.**

Responsibilities

Provide, sustain, and enhance Cybersecurity Support Services (CSS) to include: 1) Assessment and Authorization (A&A)/Risk Management Framework (RMF) validation services; 2) A&A/RMF package support from cradle to grave; 3) vulnerability management, to include monitoring, tracking, and reporting; and 4) Cybersecurity (CY) daily operational support for MARCORLOGCOM G6's Information Technology (IT) Portfolio of Information Systems. Provide technical expertise to support ongoing cybersecurity responsibilities delineated by activity. Provide reportable metrics for Information Systems (System A&A, POA&M, Annual Security Control Testing, Annual Security Review, Annual Contingency Plan Testing), to the MARCORLOGCOM ISSM in order to meet the Federal Information System Management Act (FISMA) reporting requirements.

Specific duties include:

- Complete validation of a package within a 30–45-day window from the day received.
- Provide validator/auditing and consultation services as assigned in support of MARCORLOGCOM, Albany GA authorization requirements.
- Provide USMC Certified Validators to perform validation/auditing of MARCORLOGCOM HQ Unclassified RMF authorization requirements in accordance with Enterprise Cybersecurity Manual (ECSM) 018 Marine Corps Assessment and Authorization Process (MCAAP).
- Provide independent verification and validation (IV&V) of Marine Corps system's security controls and safeguards designed through the security engineering process.
- Validate applicable cybersecurity controls for an assigned Marine Corps system, including developing the appropriate test procedures if necessary, executing the test procedures and accurately documenting the results of security testing.
- Perform the requisite preparatory IV&V steps and conditions as required, perform the actual validation steps, compare the actual results with the expected results, and analyze the differences for impact and risk. Document results in a government-specified format and repository.
- Perform CVSS Scoring via MCAST v2, develop the Security Assessment Report (SAR) and other Validation support requirements as required by DoD and USMC policies and guidance for the assigned system(s). Facilitates the coordination of the Program Manager, ISSM/ISSO, User

Representative, and Marine Corps AO agreement of the documentation. Document results in a government-provided repository.

- Develop metrics and report metrics that include the percentages of completion in every step of the validation process.

Qualifications

- **Current DoD Active SECRET clearance**
- Information Assurance Technician (IAM) Level II professional.
- Bachelor's degree (Preferred)
- A minimum of 5 years' experience
- Must be familiar with the use of the Marine Corps Compliance and Authorization Support Tool (MCCAST).
- Must be familiar with the use of the Assured Compliance Assessment Solution (ACAS) scanning tool.

Physical Demands

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of the job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions. While performing the duties of this job, the employee is required to reach with hands and arms. The employee is frequently required to sit, stand, and walk. The employee may be required to move ten pounds and could occasionally lift or move up to twenty-five pounds.

Disclaimer: The listed duties are not intended to serve as a comprehensive list of all duties performed by all employees in this classification, only a representative summary of primary duties and responsibilities. Incumbent(s) may not be required to perform all duties listed and may be required to perform additional position specific duties.

Special Conditions

- If offered employment, you will be required to submit to a background investigation.
- Employees performing sensitive requirements must be able to pass a drug test as a condition of employment and submit to random drug testing throughout the contract performance period as per FAR 252.223-7004, Drug Free Workforce. If your position requires drug testing to successfully meet contractual obligations, this will be a condition of employment.

Equal Opportunity Employment Statement

T2C-Global is a Veteran friendly employer and provides equal employment opportunity (EEO) to all employees and applicants without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, disability status, genetic information, marital status, ancestry, protected veteran status, or any other characteristic protected by applicable federal, state, and local laws. Equal Opportunity for VEVRAA Protected Veterans. T2C-Global will not discriminate against employees and job applicants who inquire about, discuss, or disclose compensation information.
