www.t2cglobal.com

Job Description:

T2C-Global is seeking a Maritime Line-of-Sight and Amphibious Communications Analyst to provide support services to the OPNAV Assured Command and Control Division (N2N6F1) of the Deputy Chief of Naval Operations, Information Warfare (OPNAV N2/N6) in the area of Maritime and Terrestrial Communications Systems, Electromagnetic Environmental Effects (E3), and Spectrum Supportability (SS). The services provided by the Analyst are to support current and future E3/SS strategies that conform to DoD, International, National and Navy policy for electromagnetic spectrum usage.

Job Responsibilities:

- Responsible for planning, organizing, executing and controlling performance of technical, business and financial services projects, ensuring that goals and objectives are accomplished within prescribed timeframe and funding parameters.
- Provides primary interface with client management personnel regarding strategic issues.
- Coordinates all parties to tasks, performs quality assurance reviews of project deliverables and activities for completeness, quality, and adherence to customer requirements.
- Delivers presentations and leads client meetings.
- Support the Government in conducting thorough analysis of current Navy radio communications architecture and provide improvement recommendations to support Navy POM.
- Provide technical expertise support to the Government by accomplishing the following: drafting, reviewing, and staffing recommended Navy plans, instructions, data calls, and requirements documents related to HF radio terminals, Battle Force Tactical Network, amphibious/Blue-in-Support-of-Green (BISOG)/US Marine Corps communications systems and initiatives, terrestrial long haul network circuits; and other current and future systems.

Education/Skills/Qualifications:

- 10 years overall experience (Active/Guard/Reserve Duty, United States Government (USG) Civilian, or Defense Contractor) with at least 2 years of service at a high level Office of the Secretary of Defense or equivalent, Joint Staff, Combatant Command, Military Department or Service, Agency or Intel Community (IC) staff in the following areas:
- Maritime policy, guidance and capabilities associated with the Office of the Secretary of Defense, Joint Staff, Combatant Commands, Military Departments / Services, IC, and US Interagency.
- Commander, Joint Chiefs of Staff Joint Capabilities Integration Development Instructions and Capability Gap Assessment (CGA) processes
- NC3 and assured communications systems and platforms

- Beyond Line-of-Sight resilient, disconnected, intermittent, low-bandwidth communication requirements
- Maritime and portable beyond line-of-sight and HF/VHF/UHF radios, Multiple Access waveform systems
- Beyond Line-of-Sight Air, Ashore, and Maritime communications architectures, cryptographic equipment and terrestrial networks
- Combatant Command Operation Plans
- International Partner SATCOM and terrestrial interoperability requirements
- National Defense Strategy, National Military Strategy, and Nuclear Posture
- DoD or IC Planning, Programming, Budgeting and Execution (PPBE)
- United States Navy chain of command structure
- Knowledge of Capital Planning and Investment Control; development of Enterprise Architectures, Standards, Governance, Policy; Information Assurance/Security; the Department of Defense Planning, Programming, Budgeting, and Execution (PPBE) Process; and Naval concepts is highly desired.
